How to book a flight with crypto in the UAE: Step-by-step guide

Airlines in the UAE accept crypto for flight bookings. The country has become a torchbearer when it comes to accepting crypto for flight bookings.

Interesting to see airlines adopting crypto payments.

Offering more choices for crypto-friendly travelers is a positive step.

Booking flights with crypto feels so futuristic, but also, stressful? ?

Imagine the price of your ticket changing while you're literally typing in your name.?
