Dutch firm Amdax plans Bitcoin treasury listing on Euronext Amsterdam

Amdax is launching a Bitcoin treasury company, aiming for a Euronext listing as more European companies join the growing corporate Bitcoin adoption wave.

It feels like this is the next logical step, you know? Making it easy for traditional investors to buy 'Bitcoin' on a stock exchange.

It's a smart bridge between the old and new worlds of finance.

Bitcoin's performance over the past decade is impressive.

If it continues, Amdax's strategy could pay off.
