Hey bro, so cool that your sharing. I was a long time member from back many many years ago and I have just joined back recently since I actually ended up getting myself in trouble with some the stuff I was learning in these forms back like 14 years ago I'd say ?

Them links have expired so is there any chance I could get a new one? Just I love doing AI designs and this app would help me out allot.

Thank you mate.

ProxyLand - September 17, 2025, 7:28 pm

I will put notifications on this thread, but I would like to know if you are updating another code or not! This could help me bridge the gap on my lack of experiences with image editing! Need this! Thank

you. :)
