New Tony Hawk's Pro Skater 3 + 4 Update Lets You Shred Your Custom Maps With Friends

You can now perform sick jumps with friends online on your custom skateparks in Tony Hawk's Pro Skater 3 + 4, thanks to a new update. Activision says players can go into private matches to grind around their DIY American wastelands and proving grounds with buddies. In addition, the full patch notes point to improved loading times and bug fixes for all platforms, whether it's PC, PS5, Switch 2, or Xbox Series X|S. Activision promises that tracking challenges and collectibles should be easier going forward as well in Tony Hawk's Pro Skater 3 + 4. Another aspect touched on with the update is "more consistent grinds and gap triggers" for the game. Activision also touted that Tony Hawk's Pro Skater 3 + 4 has over 10 million hours played (as of August 13) in a press release. That doesn't really give insight into sales data for the title, though the company was happy to say that amount of time would allow for someone to skate the planet 3,500 times. How you cross oceans on a skateboard is left unexplained, however. Continue Reading at GameSpot

I don't have THPS 3+4 yet, but I will 100% be picking it up. I picked up 1+2 right away when it released a few years back and it was a blast. I loved the original games and thought they did a great job with remastering them. I didn't get all of the achievements for 1+2 as that was quite the task, but I did complete both games, get golds on the maps, get the collectibles, etc. It was a great time and I look forward to doing the same with 3+4 when I pick it up.

I remember playing this Tony Hawk's like 15 years ago. The game was literally skating around in different maps. I use to love it!

I've yet to pick this game up, I'm hoping it ends up being added to game pass as it's a game I want to play but I don't think I would play a lot.

You ever end up picking it up? I still haven't given I've either been not gaming as much or simply

enjoying my time with other games already. It's definitely something I'm still confident I'll snag at some point though given the nostalgia and also how much I enjoyed the 1+2 remaster they did.

I do want to game again to try this. Haven't played a skating game since xbox 360

Skating with friends in your DIY parks is pure nostalgia. Patch fixes make gameplay smoother than ever. It's nice they also improved collectibles tracking.

JoshAllen - October 3, 2025, 7:28 am
