? Designs could be done in less than 24 hours, however, it might take more time depending on what design you ordered, the time you placed the order, or if there are circumstances beyond my control (electricity, machine, and internet failure).

? After starting the contract, you cannot change the concept of the design you ordered (ex. from "thread design about Spotify" to "thread design about Netflix")

? You can request small revisions until you are satisfied with the design.

? You will have to send an upfront payment of at least 50% before I start doing the design.

Payment

I only accept cryptocurrency as payment.

(Bitcoin, Bitcoin Cash, Ethereum, and Ripple)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
