Bitcoin OG whales to blame for BTC's painful rise: Willy Woo

Bitcoin suddenly dropped over 2% in under 10 minutes on Sunday, with crypto investors on X pointing to the actions of one very large Bitcoin holder.

I think it's wild how much influence a single person or group can have on the market. To be fair, I've always thought it was a bit of a weird situation.

Yanix - September 2, 2025, 4:19 am

It seem BIG players still call the shots in crypto and not surprising at all, nothing new but always interesting to watch.
