Thread: [Left Over 100 Cool Steam items for \\$1 or 1000 Bytes](#)

Money- - August 26, 2025, 3:49 am

Looking to get rid of these. I got too many of them.

Please note, the game is not approved by steam yet. So you can't display items in your profile at the moment but you can show off them in your inventory.

You can also resell these to the steam market.

Do note, I got over 100-200 of each of these items. The below are just samples for you , each of these I got like 100-200 individually etc..

They are actually animated gifs.

I can PM you my sample profile if you want to look at the items in the steam inventory.

100 Items for \$1 Crypto or 1000 Bytes.

How many unique games do you have items for?

I'll take 500.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
