Glad to hear you're feeling good about this opportunity! I really appreciate your kind words about my SMS service. I've also received your offer message and will definitely keep it in mind for the near future ?

I'm looking for a spoof SMS where I can send SMS with a number of choice as the sender. For example +32477777777 to +32488778899

Thanks for sharing this. On Voizag, we actively control spam on our servers and during registration, so gateways are assigned manually on request. Please share your registered email ID (PM) and I'll activate the gateway for you right away.
