Thread: [Modern Marvel Movies = Suck](#)

"He's right behind me, isn't he"

"Cleanup on isle 5"

"Uh, guys? You're gonna want to see this"

"Next time, let me do the talking"

"That's gonna leave a mark"

I for one am tired of the lack of action + story-line and would prefer if they even remotely made an attempt to stop making every character as corny as possible.

Yeah. They make those films so cheesy. I gave up on marvel years back.

I think deadpool was the kickoff for the "goofy" over-the-top stuff.

I keep having my Right-Wing buddies tell me how great Deadpool new movie was and how it "made fun of wokeness" or whatever.

Sorry but I refuse to see Disney/Marvel material and I avoid giving them any money. I stopped watching Disney like 8+ years ago. They can go fuck themselves. I see enough from trailers to see the woke garbage they make.

Disney as a brand is un-American. And they own both the Marvel and Star Wars franchises.

Go look at everything Disney owns.

Disney is definitely a key industry player on a global scale. After what they did to the Star Wars franchise, let alone the superhero movies I can no longer justify money spent in any way shape or form on them.

I've never been a fan of marvel movies, each one tries too hard to incorporate humour and they are way too predictable.

Over time it's just gotten worse. Can't believe the budget they get for these things still.
