We're looking for a freelance digital marketer to promote our website(s). Targeting English-speaking audiences (U.S., U.K., Canada, Europe).

? Required Skills & Experience

- Promoting content
- Forum and BBS marketing: Finding, joining, and engaging in niche forums.
- Email marketing, especially with tools like Sendy, MailerLite, or self-hosted platforms (to avoid bans from Mailchimp, etc.).
- Community outreach and private group promotions (e.g., Discords, Telegram).
- Knowledge of traffic networks, banner ad placements, or even webrings (old-school site linking).
- Understanding of geotargeting, especially U.S., U.K., Canada, Australia, Europe.
- Experience with affiliate marketing or running CPA campaigns.
