Thread: [Make a Minimum of €2K-€10K a Month \(PayPal/Bank\) Bank Roll at Zero Efforts - €150](#)

Squixey - September 4, 2025, 11:06 pm

Make upto easily €10K or atleast €2K a month using Digital Entairtement at Minimum Effort. It's a clean whitehat method and doesn't require you to use any cracked accounts or to sell hacked inventory etc.

Everything is Semi Auto Pilot and a small Investment is required. I will also guide you through this, for your first payout. Only selling 6 copies of this method as I don't want everyone to do it and make name off it! And don't want much people to know as well!

After the setup, you'll have a constant payout of €2K-€10K every month without any efforts.

Why am I selling?

Well it's a whitehat method, can be done and people been doing it with hard efforts, I've done it using smart work. Easy to process and requires a minimum effort. You can do it on your free time and everything be ready within 2-3 hrs.

Everything else, I'll guide you through.

Yes income is guaranteed. Investment is written in the thread, which is around €30-40 but you can low ball it to €20 but I don't recommend that. But still you'll earn €XXX.

But as I'm the experienced once and he was stuck / was not getting a way to get it done, I promised him to make recorded video of the steps as well.

All the videos been delivered yesterday night, he'll update soon so no worries.
