Thread: [Retrieve tweet history of a specific user via Twitter](#)

kemalzade23 - *September 12, 2025, 5:22 pm*

Hi I'm new here and my English might not be very good. I apologize for that. I'm researching a topic called "Logging a Twitter user's tweets and retweets." I'm curious about whether there's a tool or method like the Twint project. Thank you in advance for your understanding and wish you a happy forum.
