Thread: [Best anime this season?](#)

I'm looking for some more anime to pick up. I have been hearing a lot of good things about Clevatass but that's about it. Anyone like any others or is it a slow season?

Looks good but haven't seen it myself.

If you want recommendations I have the following but you've probably heard of them:

Overlord
Solo Leveling
Steins;Gate
The Unwanted Undead Adventurer
