Are you located in the US?

Probably the most saturated method on the forums. And US is not the only restriction, some states don't allow it (excluding Connecticut, Delaware, Michigan, Montana, Nevada, Washington)

You have no idea what you are talking about.

You have my full approval to exploit and say what you think it is.

Relax gives you pretty much your money back to use on the website after you sign up. I'm confused how it all works but I finished everything on the casino side just waiting to for withdrawal now. I'm actually really curious what the catch is. So far I paid to get my money back and a method. Will keep everyone updated.
