Nubank plans stablecoin integration for credit card transactions

Nubank vice-chairman Roberto Campos Neto said the bank will test stablecoin credit card payments, as adoption of stablecoins accelerates across Latin America.

Credit card stable coins seems very cool! Very interesting to see how latin america is implementing it

jcole - October 5, 2025, 3:02 pm

I wouldn't mind being able to use my USDT as a debit card.

B3A - October 6, 2025, 6:36 am

cv stable coins seem like a decent step

DAL-SHA - October 7, 2025, 12:57 am

Nubank testing stablecoin payments is smart for Latin America ?? could make transactions faster and cheaper for many people, i hope it works !!
