I think, Google Voice works with telegram, so buy a aged GVoice acc, that you can use for telegram.

They should really remove this

We are sorry but we require 25 quality posts to send a PM. Any LQP (Low Quality Post) spamming will result in a closed account. If you upgrade to L33t membership this requirement is removed.

Some guys pm'ed me asking for \$30 not going to say names but come on guys, just need telegram for a couple hours.
