Hi HF,

I want to show you a powerful combo: Exness CPA affiliate program + PPCMate. This lets you earn high commissions and get extra ad credit to boost your campaigns.

What Makes Exness CPA So Good

- Huge payouts per referral — Exness pays up to USD \$1,850 CPA for every referred user who makes their first qualifying deposit (FTD).
- Low barrier for deposit — The minimum FTD is generally \$10 (outside Vietnam) which means many people can qualify.
- Fast, reliable payouts — CPA rewards are credited daily (or within one business day) once the referral meets the conditions. No waiting weeks or month-ends.
- Global reach & flexible traffic — Exness accepts traffic from many countries, and allows multiple platforms (web, mobile, iOS/Android) and traffic types.

How PPCMate Adds Value + Bonus Deal

When you register with PPCMate through my link, you'll get \$25 bonus credit after your first deposit of \$25. I also get \$25.

You can use that bonus credit to send traffic to your Exness affiliate offers, reducing your upfront ad cost.

Step-by-Step Plan to Make Money

- Sign up for Exness Affiliates (go to "Partners" once clicked the links below):

mobile --> https://one.exnessonelink.com/a/c_5v3x8y9nmz?platform=mobile

- Get your CPA affiliate link from Exness (you can use it too to recruit subaffiliates...).
- Make sure your account is verified.
- Register on PPCMate via my link: <https://x.ppcmate.com?via=get-25-now>
- Deposit \$25 -> you get \$25 in ad credit + I get \$25.

Build your campaign

- Use PPCMate to drive targeted traffic (Forex / Finance / Investment audience works well).
- Send traffic through your Exness affiliate link.

Optimize for GEOs and deposits

- Test which countries give you higher FTD amounts (because higher deposits = higher CPA).
- Monitor conversion rates, ad cost vs CPA reward.

Scale up

Reinvest profits.

Use daily payouts from Exness to reinvest quickly.

God luck and happy earnings!!!
