Yes, we accept XMR — we value our customers' privacy.

You're welcome to start with a 1-month plan, and if you're happy with the service, we also offer a 1-year plan at a discounted rate (details are already listed on our website and everything is automated).

This is super cheap. Pretty excited to try it out..

CompulsivePurchaser - November 12, 2025, 11:36 am

does it allow the download of .conf files for wireguard or .opvn for openvpn. Or is it only possible to use through your client.

We allow the download of .conf files for WireGuard and .ovpn files for OpenVPN. We provide these options because we value our customers' privacy and want to give you full control over how you connect.

How is it, can we port forward?

Stanley - December 24, 2025, 2:44 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

hey mate,
what about ports?
do you provide port forwarding option?
