Appreciate you giving me free vouch copy! This is great and looks really promising!

Earning online without spending much is a big win. I love that it's made simple even for beginners. The idea of learning passive income from platforms like Spotify and YouTube is great.

Thanks for being generous enough to share it!

Hello, does this require any investment? (besides the purchase of the eBook obviously)

No, it's not necessary. But I definitely recommend getting a Tunecore membership.

There are no limits, but you can easily earn over 500 dollars by uploading a few songs.

How much can one expect to earn in their first 90 days realistically?

YouTube earnings are paid out one month later. For more information, send me a private message.

paulotto - December 15, 2025, 12:32 am

Why is the earnings proof from 2024? The biggest hurdle is cashing out. Money on dashboard means nothing. It still has to pass manual review to get paid.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Which are the requirements for cashing out and where can you cash out? Does it need KYC for cashing out?
