Thread: [Web Development Agency Offering 8% Referral Commission](#)

sixtyplatinum - September 30, 2025, 10:34 am

I run [Chernow Unlimited](#), a professional web development agency, and I'm looking to expand our referral network.

How It Works

If you refer a client to us and they sign a project, you earn 8% commission on the total project value.

Example earnings:

\$5,000 project = \$400 commission

\$10,000 project = \$800 commission

\$25,000 project = \$2,000 commission

Send us just a few clients and you could easily make hundreds (or thousands) in passive income.
