Thread: [If You Got To Pick The Award Goal For A New HF Award, What Would You Have It Be?](#)

DemonAsylum - October 1, 2025, 3:49 pm

I know that many of us have thought about potential award goal ideas for future HF awards. Lets all share those ideas here and see what everyone thinks of them. Who knows, maybe Omni will see and one or more of the ideas will come to fruition at some point.

I'll start us off by throwing some out there and beginning with some more basic ones.

- X amount of posts award, but that has a lower requirement than the 24k star (24,000 posts) award.
- X amount of credibility award, but that has a higher requirement than the Business Man (100 credibility) award.
- Hack Game award for reaching X level, but that has a higher requirement than the current Medal of Honor (Level 50) award.
- Hack Game award that can only be bought with a large amount of in game cash.
- Crypto Game award for getting your "All-Time Net:" stat (profit) to X amount of bytes.

Now onto some more complex ones.

- "Jack Of All Trades" / "Jack Of All Posting" / "Jack Of All Sections" award where you need to do X amount of posts and maybe some threads too in either some specified sections or just a certain number of sections.
- "All Rounder" award where you need X amount of multiple stats across your profile. Could be for instance a mix of needing X amount of posts, popularity, and credibility.

Those are just some ideas off the top of my head. I'm sure some of you have ideas that come to mind too and I look forward to seeing them.

I always thought about an idea of once a month there is a vote for the most informative thread and the one who wins gets a "teacher" award, somewhat close to bronze but actual skill based matchmaking lol, would love your opinion on that tho :)

Funny you ask this. I did a few months back bring to light a few of my own ideas which omni did like the sounds of from this thread below

Would this be something that any/all members could vote on or just Omni/staff for instance?

every member that sees the thread, every month there will be like top 5 contestants voted by staff or the other way around voted by us and the top 5 get then voted by staff, thats up to them what works better xD

But i want to be included in either one of these steps!

As long as it could somehow be done in a way where it's not clearly getting manipulated or essentially becoming a popularity contest of sorts (unfortunately much like MotM was for a long time) then I could get behind something like that. It would have to be fleshed out more for sure, but the general concept isn't terrible.

I take that xD Yeah i dont want it to be anywhere a pop contest, if the winning thread isnt hq staff can remove it from contest at any given time, so if people say its ass and just gets voted because OP is liked, they get disqualified

btw i see your bursting out new threads, at what % are you at? XD

Yeah I would hope the majority of members would be in agreeance with that as it just takes away from and defeats the purpose of the award.

As for my %, lets just say I still have quite a ways to go haha. As you can hopefully tell from this thread as an example though, I'm not trying to have the threads just be super generic, short, etc. Hopefully that shows for at least some of them. Not all will be to the extent this one is, but yeah. Trying not to be a complete LQ mofo lol.

Yeah, asides from the fact that I don't want them to seem like they're just LQ slop, I also want them to have a better chance of generating interaction from other members. Even if it's only a few of you guys that care to reply, I'll take it haha. I look forward to seeing some of your threads too!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
