Thread: [What Keeps You Coming Back To HF? What's Your Main Purpose For Being On Here?](#)

DemonAsylum - October 1, 2025, 2:59 pm

So HF obviously has a lot to offer and there are a number of reasons why someone may be active on here. I'm curious to know what those things are for you guys. It's a mix of a few things for me. Making money and finding business opportunities has always been a big part of my being on HF. That continues to this day as well. However, I've also learned a lot on here and occasionally still go out of my way to try and learn about certain things through the members and resources available. Additionally, I quite enjoy socializing with a handful of the members on here, mainly in convo. That's not everything, but those are definitely the main contributors. What about all of you?

I am big on the learning aspect as many members here are very good at explaining stuff and helping out in situations of uncertainty (hopefully i have written this word right) apart from that I love the convo chatroom and speaking to you and the others on there daily :)

I enjoy the social aspect of the site and when I first came here I found it due to the GFX sections that were thriving back in the day. I learnt a lot and found myself thinking I was good when in reality I was just no where near how good I should have been and learnt a lot. So thats where learning things come into place I have since recelty set up for the HF news our own API which I had skull help with and I cant lie I have never done anything like that before and glad to have people around me to help with such things. Everything here has reason and bring me to a happy place and I think thats why I will be here for many more years because it is such a great vibe overall.

Also " It's a mix of a few things for me " Cheers for the mention ?

If you mean the spelling for the word, you were close! It's "uncertainty", but I entirely understood what all you were saying haha. It's always nice having you around in convo and chatting with ya ?

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
