What are some popular songs you still listen to?

One comes to mind is [Video:

I really don't know how you want to categorize it.

But Nickelback - How You Remind Me.

Making a steak in the kitchen all alone and " Google play, How You Remind Me ".

Guaranteed a good vibe while making dinner

Honestly, I don't really listen to any popular songs. I usually listen to underrated artists since they're always hidden gems.

A few — "Uptown Funk," "Someone Like You," and "Can't Feel My Face" still hit.
