Thread: [Canva pro for free !](#)

Jamika - October 2, 2025, 5:01 am

Hello everyone

Look guys, this site:

It offers services for many apps, but the surprise is that it gives you Canva Pro for free ?.

Just open the link, click "Buy Now", then register your email.

Click "Confirm Order"...

Wait, and you'll get a message on your email with the order, and after a few minutes, you'll receive another message with Canva Pro ??.

Pray for the Prophet

Man this website is so strange, thanks for the share!

EDIT: What do I do after I get the email? I can not read Arabic :(

2nd edit, browsing their website I find they have many free vpn services, thanks again, this place is useful, please just let me know what I need todo after getting the email, I have not copy paste into google, my email is not translating and I am too busy to mess around with this to read it in english...
