Dear citizens of HF, what was ur all time favorite Halloween costume u wore as a child?

Unfortunately for me I never celebrated Halloween but want to know what the community used to do back in their days.

I once had the Anakin Cosplay when he was already at the dark side. Cool shit that was.

Wasn't really into Halloween when I was a kid, but it's now my favorite celebration, I had a Billy doll costume (from Saw), with the small red bike (tricycle), I'll maybe use it this year too, for the 5th year haha

To tell you the truth, I didn't wear costumes on Halloween ?

Poland at the turn of the 90's was a wild time, but despite everything, it was cool to grow up on this " millennial fence ".

Damn, I just sounded like an old geezer ????

Thanks for the kind words, I hope you're doing well in life ?? What can you do, bro, that's life ?

When Halloween became popular in my country, I was maybe 18 or 19 ? I did organize Halloween

parties for my younger sister and her friends, but I don't think it's exactly the same experience you're talking about ?

Laughing Man - October 2, 2025, 6:17 am

I've always like using GhostFace. My preferred halloween go-to.

Yeah I mean I mainly saw Halloween from cartoons and movies so Ig I am getting a wrong impression??

But still man I guess u did generally give u r siblings the solid experience of Halloween and Ig u also got the concept from movies.

So I may not be totally wrong?

I tried my best ? I had plenty of inspiration, because my sister is terribly afraid of all horror movies.

Believe it or not, a lifetime of thrills is guaranteed ???

Of course, however it doesn't hold a candle to being dressed up as a scare crown stuffing my sleeves and neck and pants with straw. Then when kids grab the candy, grabbing their hands.

I don't remember being anything specific, we would buy stuff to put together. I don't remeber them having what spirit has now when I was a kid.

I would just find the coolest scythe or sword so i could play with that before and after halloween.

Talk about giving the best experience to kids on Halloween.?

I bet It can get uncomfortable stuffing the straws in the costume though?

Last year someone, shoved a kid and I had to stare down this asshat in a camero, he tried to rush my now ex-wife and I chased him down, his girlfriend knew I was going to curb stomp him.

Wild story man. There are always jackasses like these that need to ruin the events.

But now I think that it would be weird if I saw a scarecrow chasing vampire or some shit like that during the night?

I dunno, I might not host. My ex was super into halloween, we'd have like 10,000 pieces of candy.

I don't have the income to do that this year.

It's going to break the kids hearts.

Back in the day my favorite costume was my blow up ostrich rider from spirit

this was like 4th grade I think

I love dressing as a skeleton because it is spooky but simple.
Everyone recognizes it instantly.
