I was 8 months into starting my divorce when I met someone random online, we both came from the blackhat scene and love the same games. When we first started talking we chatted for 14 hours straight on discord, then fell asleep in a call together. It's been 30 days of sleeping in calls together and realizing we were the missing puzzle pieces in each others life.

It's also crazy, I wouldn't say I'm "ugly" I'd say I'm a 7, she's a 12 all day.

Love is a crazy thing.

Yeah, I hope this will be the last time. Dating in your mid thirties is wild.
