Anyone been or anyone live in Japan?

Always wanted to visit and would love to know your thoughts on it.

Laughing Man - October 2, 2025, 10:42 am

I was supposed to go in 2022, but the world was still closed. So I ended up in the UK the week after the queens mourning.

P??sonl?af - October 2, 2025, 10:42 am

I visited Japan for a month last year and I got to say it's the best trip I've ever done! So worth it!

Yes, I do live in Europe

Because it's just not really anything special, to be honest.

Like if you wanna experience stuff.

There are many more beautiful places to travel to, and places with richer culture, there are several reasons.

But hey, that's just my opinion, maybe you will love it
