Thread: [How long did it take you to get the Quickly Loved award?](#)

JoshAllen - October 2, 2025, 1:33 pm

Planning on going for this but scared it is going to take me forever.

Any tips?

Are there any other awards that you tried really hard for?

EDIT: I made a QL4QL post!

I am currently at 58% of the award. The best tip i can give you is make a QL for QL thread like the one @sigma boss@ is doing rn! :)

That way you can encourage other users and get it in no time

Not too long when it first announced

I'm not sure because I was already getting quick loves before I ever decided to go after the award. Maybe a week or two when I decided to go for it.

A week or so, just post a QL 4 QL and it happens quickly.

It's still a WiP for me for about a few months now. Getting QL on posts isn't hard but it's hard to find unique members since the active member pool isn't that big anymore.

I can't even remember how long it took, but maybe 15-20 days?

Agree , anyone who didn't take advantage of this active State will regret it later

Stared threads is another great one to work on now. Since you need so many.

Lounge tends to be the most active forum during these times tho.
