Which genre of music do you absolutely hate (or just can't listen to?)

For me, it probably has to be country, I just can't listen to it (granted, some songs are pretty good).

Rap I never listen to it.

Country music. Or as Eric Harris said Cuntry music. It is pretty terrible.

RangoWorld - October 11, 2025, 6:54 am

I don't think I have any. I can listen to just about any type of music. Maybe not latin.
