I have many members on this forums who I would call an internet friend but If I have to mention one person I'd have to say [Sam](#) I mean, we all know I'm a toxic troll LQ shit-poster but this guy takes it to a new level. The guy is a legend in the LQ troll community. Pure chad vibes.

You are by far the most cringe member to currently exist on this forum, well done. Continue spamming and pretend it's nothing to do with the event which is currently taking place, you are a low quality member who is stacking up warnings due to Posting Etiquette.

Oh hey there bestie! Glad you could make it! I see you are truly living up to your name. Well done!

No one in particular, I'm happy with all the members and I consider them all my close friends.

That's very kind of you, my friend. I'm happy with your words, especially coming from an old member like you here ?

I would not look too much into that. Don't you know? Chatting with other members in lounge when going for two posting awards makes you a LQ spammer. It's not like I've learned so much cool stuff

from members these last couple of days at all!

Maybe my opinion won't be appreciated by everyone, but I think the forum's activity is a good thing. Just imagine if everyone participated instead of just buying? I don't know why some people act like the forum police—there are already moderators and staff to manage the topics. Anyway, I'm happy with the forum's activity as well, and also with interacting with members, maybe for the first time in a long while.

Yeah same here, It's nice being able to chat to members on this forum a bit. Doesn't always have to be too serious.

Just some friendly conversation & food for thoughts.

[Shermy](#) is probably my best friend around here.

He has been around here promoting the same business longer than I have been a member. 12-13 years I think?

He has taught me a lot.
