Thread: [Best Open-Ended, Open World Games?](#)

Aeowulf - October 4, 2025, 12:37 pm

I like open ended, open world games. So hard to find good ones though. Anyone else like these and play them? Give me some recomendations!

I like Minecraft conceptually, its just so boring overall.
I love Fallout games, even better when I ignore the quest lines.

Give me some ideas please.

There is this game I think called grand theft auto, it's pretty cool but it's kinda expensive.

RuneScape. It's the only open world game that I've liked.

I did play that for a long time, but now it just feels too... bloated and just a chore.
