Thread: [Did anyone watch UFC 320?](#)

Last night I watched UFC 320 at a sports bar, and it was bad ass. Merab dominated Sandhagen, and Pereira reclaims title in 80-second TKO of Ankalaev. Dude was elbowing the shit out of his head.

I had a bet on Cory and Ramiz Brahimaaj.

Figure Alex could win , high lvl fights like this are risky to bet on. Alex could want to prove a point and their previous match was close honestly.

I find the jiri vs roundtree the craziest one. Like wtf back to back war!

Cory did well tho, but merab's cardio and pressure too much for him. The most funny thing is merab almost finished the fight via TKO.

Would be a big shame for cory to be finished by a pure wrestler guy that is not known for KO lol.

Watched the highlights this morning. I refuse to stay up to 4AM to watch the fights now, done it in the past and most of the fights have been disappointing.
