Thread: [\[FREE\] public Proxy List \(updated Every 6 Hours\)](#)

whoispatch - *October 6, 2025, 3:11 am*

public proxy list (updated every 6 hours)

welcome to the WhoISPatch public proxy feed, a continuously updated list of verified, working proxy servers

? all proxies are automatically scanned, tested, and updated every 6 hours

featuresfresh & verified: proxies are automatically fetched, checked, and published

high compatibility:

works with websites like cloudflare-protected sites

includes proxies that bypass google restrictions

detailed metadata:

country

region / city

isp

ping (ms)

anonymity check

files in this repo

Code proxies.htmlsortable table view of proxies Code proxies_all.txtall working proxies (unfiltered)
Code proxies_http.txtonly http proxies Code proxies_socks5.txtonly socks5 proxies Code
proxies_cloudflare.txtproxies that work with cloudflare Code proxies_google.txtproxies that work with
google Code proxies_fast.txtfast response proxies

tip: you can view Code index.html directly in your browser or serve it via github pages
