Thread: [Who was the weirdest user u have come across on HF?](#)

FrostMost - October 7, 2025, 11:05 am

Was there a time when U came across a user who seemed weird? Like u could tell that he is a psycho. And What did they do exactly for u to suppose that?
???

HerrWinston - October 7, 2025, 11:06 am

Could u elaborate or is it personal? ??

Jamika - October 7, 2025, 11:09 am

This happens a lot here... the last time was when someone in the Convo not long ago said there would be terrorist attacks on the U.S. and that Americans would soon witness real destruction. Too bad Charlie Sheen blocked him, unfortunately hahaha.

I am curious did anyone actually had a convo with this guy or he would just write then vanish? Well considering how many crackheads are here(Not offending btw) I think the guy just took a lot ???

Well there are many kinds of people in this world I suppose? But the question that still is stuck in my head was how that pinkman got into HF in the first place?

It is not so that u just know this site like any other one??????

Deany - October 7, 2025, 12:10 pm

Idk too many to name

Yanix - October 7, 2025, 7:02 pm

I wonder if @nobra@ username is still here?

• **Enlil Wolf** • - October 7, 2025, 9:27 pm

I haven't had the chance to meet as many interesting characters as you all guys have :')

Pimping - October 7, 2025, 9:33 pm

Maybe those users that come here just to post about claiming to be "hacked" and people spying on them. 99.9% of them are schizophrenic or in psychosis and deny it when multiple people confirm their delusions arent real

even then i wouldnt say they are weird in a way..... i feel bad for them since it must be horrible living that way

RangoWorld - October 9, 2025, 1:32 am

I don't remember their name but some might know here. They were making end of the world conspiracy theories and saying they have the highest IQ and none could understand their posts.

Their threads had 0 paragraphs and absolute spaghetti sh*t.

Prob the people who view profiles constantly

The Pact - December 18, 2025, 9:58 pm

This 16 year old in 2014 who had an avatar of Mario looking psychotically enraged.

This kid said he hated anyone telling him what to do so his parents told him to brush his teeth and he always refused so he said his teeth were all black.

He said he was a "griever" and he liked to take apart little kids mine craft creations just very slowly bit by bit so they would get frustrated and upset.

He was such scum. He would show proof he'd done a job for people and then scam them for a troll.

He sold fake domains that he didn't really own and sold 30 page ebooks that repeated the same one sentence over and over on every page. He made a thread about how to scam PayPal as a minor.

You could get repfucked for asking for rep in those days so he tried to use Photoshop and tried to get someone closed for asking for rep but the mod knew it was photoshopped.

There was this annoying mod Judge Dredd that liked him and had his back. By the time I found all this stuff out and put it together for the mods because he'd scammed me for \$25 by the time I got him closed by putting together this whole list he had ELEVEN open scam reports.

I put everything together PMing a mod with all the details and he was finally closed.

Side note...

I wonder why the person who linked to Cuthbert's profile had their post deleted.

yeah man the kid is not some troll this guy is a fucked up psycho. But apart from him wtf was this mod backing him up? Did he also get banned or kicked out? Still tho the one thing that made me go berserk was his attitude towards minecraft worlds. PURE EVIL

Probably one of the most unhinged people one here, If we had stats on how many ignore lists he lives on i think he'd be at the top.

Stalks people 3 years after an argument to shit post, Some people just have too much time on their hands.

lkr? It's just fucking disgusting. I actually believe this kid had black teeth. lol Maybe some other old timers here would remember that Mod Judge Dredd another guy with an avatar that is supposed to

be scary. Mods on forums that use scary, angry looking or grotesque avatars are generally fucked in the head in my experience. But I can't remember what happened with that guy Judge Dredd but he kept having that vile kids back. Maybe the kid flattered him or something.

I finally got my scammer closed for stealing \$25 from me lol. Only time in my life I've been scammed. He showed me proof he'd done the job, so you don't expect someone to do work and then scam for a troll and at the time he had like 32 positive rep. You weren't allowed to discuss rep AT ALL in those days and if you were in neg rep then you couldn't post in the market place. I would just neg rep anyone who plus repped him and when they asked me why I would show them the report I'd put together in my own deal dispute where I'd linked his at that time NINE open deal disputes which was ELEVEN by the time I got him closed. Then all those people would ask if I would change my rep to plus rep if they negged him and I said, "We're not allowed to talk about rep but you can try it and see. So I managed to almost completely rep fuck him doing that. My goal was just to get him out of the market place because people in neg rep couldn't post in the market place. But Omni ended up rep fucking him for the last 5 or 6 plus reps he had after he tried to photoshop a guy asking him for rep.

But he thought that it was me that had taken those last ones away and tried to report me to staff for gang rep but I explained to the mods and didn't get in trouble. That's when he started making threads about scamming Paypal as a minor to try and get plus rep. lol

Funny that I remember all this it was 2014 it all happened, but what I don't remember is what his username was. lol Oh I remember he said he lived in the Netherlands as well.

Honestly I shouldn't have been so obsessed with getting my scammer closed when he only stole \$25 off me. I know it's a bit pathetic. But oh well never scam a Scorpio I guess.

And yeah his attitude to Minecraft was so fucked up. I'm glad Omni closed the "Griefing" section because that was just going to attract psychos I guess.

man this is one of the rare sightings that I see a scammer getting payback really. 25\$ was 25 dude that degenerate deserved it. Not pathetic at all. But really also I admire his dedication cuz scamming in probably the biggest Hack forum on the internet while being a minor is kinda impressive. The tactics were solid. Also what he scammed u for really? Like u were buying bytes or smth?. But Omni coming at the end like the final boss really made me feel like I am reading a novel of some sort lol. GOATed as usual Ig?. But really tf was that rule that u couldnt talk about rep? Then how u really differentiate between a scammer and a genuine guy?. Glad that rule is long gone tho cuz I kinda wanted to make some deals in the near future. Kudos for great story @The Pact@ ???

He showed me absolute proof he had done something for me via a screenshot with knowledge he had no way of knowing about if he hadn't done the job then scammed me just for a troll to no benefit to himself since he'd done the work but he put me on ignore and didn't give the work to me. No one expects that. But it's "griefing" like his taking apart little kids minecraft creations slowly. It's just pure trolling to be a stupid ass, and it was stupid since i would have recommended him to everyone and he could have got more deals, but trolling was more important. Real weirdo.
