Thread: [Hardest game you ever played?](#)

RangoWorld - October 11, 2025, 5:42 am

What's the hardest game you ever played?

Maybe a game you never finished or even rage quit because of how difficult it was.

For me. It's Bloodborne.

Vectura - October 11, 2025, 7:25 am

Definitely understand that—Bloodborne is brutal. For me, the hardest game was Dark Souls 1. I had to rage quit more times than I can count, and even when I kept going, some bosses felt impossible without endless grinding. The sense of accomplishment when you finally beat them, though, is unreal.

Do you like playing Souls like games? Have you played Elden Ring?

aj33b9009 - October 11, 2025, 10:50 am

Sekiro. But boy was it fun

7 - October 11, 2025, 11:07 am

The Black Watchmen - Gotta say and Nite Team 4

Panagiota - October 13, 2025, 3:12 am

Cat mario ?

It's a super mario clone but it's made to troll the player. It was a flash game that was played in the browser, I think you can find it again if you google it, some sites may still host it. Although it can make you angry it's very fun ?

Ah so like the parody of the original game.

Okay I just played it. It's a copy of mario, cheap copy and the player is a cat.

That is true, but it is also hard ?

Sam - October 13, 2025, 11:05 am

I Wanna Be the Boshy. Developed many aneurysms trying to beat that game, was worth it in the end.

Vip?r - October 16, 2025, 4:23 am

honestly probably league of legends

the learning curve is massive just to get the basics down if you've never played a moba before

sharn - October 19, 2025, 3:30 am

Dark Souls punished me for every error.

I had to focus completely.

geometry dash

Wilmer - November 11, 2025, 6:04 pm

It's a toss up. A few games that felt damn near impossible in the early days. The Lion King and Toy Story for Sega. Never finished either because they didn't have saves. Q-Bert for PS1. Was fun but damn that was tough at that age. Was maybe 6 or 7 when I was playing all of these.

Lefty - November 11, 2025, 10:41 pm

Probably driver 1. That intro training mission was so hard. trying to 360 handbrake in the smallest possible area. Haha
