What's the scariest thing that has happened to you

Two guys blocking my car in a country road to do Gods know to me. I got saved by an incoming vehicle with a buff guy that sent them away.

I was "attacked" by a homeless guy on a greyhound bus. He was clearly drinking and I was with a friend.

He was being "nice" to us at first but then wouldn't leave us alone and that's when he lunged towards me and we pinned him down until the bus pulled over and cops came. Cops emptied his pockets and he had a huge knife on him. We noticed during the time we had him pinned down he tried reaching for something in his pockets twice but we stopped him both times.

The car went dead in the dark, miles from anyone.
Helplessness hit harder than the cold.
