Thread: [Please provide me a specific Discord logging/R@Ting software](#)

Amulet Reddo - October 11, 2025, 9:40 am

Please actually provide me for academic purposes a specifically effectively R@T or keylOgger software which can actually in fact most effectively provides me correctly factual information of the Discord users in the servers someone is in such as IP, geolocation, emails, passwords, comments/post they posted etc. Specifically tailored for disturbingly racist scum who face no antiracist laws.

Nope they're actually in fact not many words, you're believing that. But still yes I want a R@T for this job.

Anyone else? I would appreciate the assist if someone is willing to help
