Buy Install Usa Windows

Looking for webmasters who (sell installs) can drive traffic to my file.

I need installs that go only to the buyer, without neighbors.

Traffic sources that are NOT interesting:

Advertising platforms (PropellerAds, Richads, and other similar platforms)

I am also interested in people who have their own botnet. I will buy your bots.

After some testing, it turned out that botnets from torrents are also suitable for me.

I am looking for a webmaster who deals with SEO. I will buy the opportunity to upload my software to your sites.
