Thread: [\[AUS\] Make \\$5,000 a week. No payment until you make \\$3,000 in your first week.](#)

Title says it all. If this isn't allowed, please let me know. I am not sure where to go with this or if there will be any interest at all either. But, as the title states - I have a method where you can make a guaranteed \$5,000 a week easily. I would say to do it right, you need about 5-10 hours within the week. If you dedicate one day for 5 hours, or 5 days 1 hour, whatever you prefer. This doesn't involve anything dodgy, in that sense. Like this isn't bank robbery or loans or any of that bullshit.

For anyone skeptical, why am I selling this method? Because I have many others, and this one won't be patched even with 5-10 people doing it at a time. Trust me.

So here is what I am offering. The price? \$10,000 for this method. However... here's the good part. I am new here, of course, so I am not expecting a cent until you have cashed out \$5,000 yourself into your own bank account and seen for yourself that what I am telling you is true.

Of course, the caveat is that I also don't want to get ripped off so this will only be an offer for anyone who is obviously a long-time member on here, etc.

Thanks!

Hi mate. I am happy to go ahead with you, however I have a few questions. As you are somewhat new ish on the forum (I am not one to talk, but you know what I mean lol) would you be happy to deposit the \$3,000 with a middleman of your choice on here to hold - until you make the \$ and can confirm with them that you are happy? Just to leave me with some security on one side

Hey, I'm not new at all here, and i would be happy to try this method, to pay you after the nice results, I think, is not to much headache to do that.

I dont think anyone will be willing to pay this big amount without any basic information on your method.

You should what it involves.
