jcole's Middleman Service

Overview:

Trustworthy and secure middleman service for forum members to ensure safe transactions. I guarantee professionalism, prompt communication, and impartial handling of all deals I mediate.

Fees and Payment:

A flat 5% fee on all completed MM's \$200 or more. Anything less than that will be done for a flat fee of \$10.

Tips are appreciated, but never required.

Terms and Conditions:

I am not liable for any issues regarding the items, services, or accounts before and after the deal. My position is to solely be an escrow of funds, and make sure both parties are receiving what they are intending to receive.

Both parties must agree to use my services and include my UID (811) in the HF contract prior to proceeding.

Middleman services are provided exclusively for deals conducted through forum private messages and contracts. Absolutely under no circumstance will I ever contact you off-site through another platform to conduct a middle man or ANY other service(s) provided by me. All deals including middle man servicing will be done on <https://hackforums.net/> through private messaging or private convo.

Only cryptocurrency payments will be held; no fiat payment holds.

I do not handle PayPal, Cash App, Venmo, or similar payment methods for MM servicing. [If you are needing to exchange fiat to crypto please refer to my thread here.](#)

MM fee is not refundable.

Contacting me implies acceptance of these terms.

How to Contact:

Please initiate contact via forum private message for middleman service requests.

All deals will be initiated on <https://hackforums.net/> using the secure HF contract system and nothing else.

I should have had a thread offering this service for awhile, but I always put it off. Now it seems like HF needs someone they can trust to escrow for members.

Vouch for [jcole](#) middleman service - Provided middleman service for a \$1800 sale for service. Didn't waste anytime setting up 3 way chat, and the funds were released promptly after buyer confirmed the service was complete.

Currently escrowing \$3500 USD deal for a user on HF. Friendly reminder to use a trusted escrow to handle your business.. 5% is cheap compared to the alternative.

Stanley - October 7, 2026, 2:17 pm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
