Thread: [Birthday Bytes Giveaway!](#)

Mix - October 23, 2025, 6:59 pm

As the title states, Today is my birthday (the 24th Oct) and I would like to do a little giveaway for everyone.

So here is the run down on the giveaway. I will be running this giveaway until the 31st of October 2025 And will be giving away a total of 4,000 bytes. I may bump it up to 5k bytes depending on how many posts I make between now and the end of the giveaway, but I will leave it at 4k bytes for now.

To enter the giveaway all you need to do is reply wishing me a happy birthday and that's a very simple entry, and you can only enter once. I will then do a <https://wheelofnames.com/> Wheel spin with everyone's name who entered and record this and post it to show who wins.

Best of luck to everyone who enters, and I hope everyone has a blessed day.

Thank you everyone for the lovely birthday wishes. I will be counting everyone before this post, so if you are posting after this, sadly you are a little to late for entry. I will be making a post soon about who won. Just got back from a Halloween party with friends. Give me time to recover.
