Thread: [How do you feel about very unwealthy people?](#)

Script Man - October 24, 2025, 7:49 am

My question is; do you judge the poor like they are lower than you?

Maybe you are poor, and I would appreciate your input.

My entire life I have been poor, yet I lied, even from a kid, that I was rich.

I played Habbo Hotel, and used it as an escape until I was 17. When I was arrested, and found not guilty at 19 for extortion/webcam hacking.

I'm 29 now, and still poor, though; for 8 years of my life, I took "hope for granted" -- and deprived myself from the sense that no one actually liked me, perhaps ever in my life.

My situation is my actual life, yet I know scientifically I am beautiful, when comparing to any rich person. God has shown me favour in beautiful ways, where I've even been calling myself a "Prophet" -- but I realize I am blessed, and I ponder upon the poor, and if they can be blessed through God's Word, using intelligence, sense, hope, gratitude, and staying telling the truth.

You don't need money in this world to be happy. I feel betrayed, neglected, and shit on though. I should be a billionaire, I think I'd perhaps be the only worthy one.

Thanks for reading.

Hmmm , that's some interesting "Thinking out loud" .. Peace for you man .. ??

RangoWorld - October 24, 2025, 10:29 am

I don't look down upon them. Because I understand that life is such. Anybody at anytime can have a bad incident or harsh life to begin with.

True , couldn't agree more .. but how you handle it and how you can come out of it is the real test of truly who you are and what are you made of ..

I only consider unintelligent and impolite people poor.

MadScientist - October 24, 2025, 2:20 pm

Yes, everyone tell me how you feel about me!

Mix - October 24, 2025, 3:16 pm

I tend to see myself as poor honestly. granted I have a house and all but those who are poorer than me I try and help and understand I could be worse off.

Definitely not because I'm no where near rich and I actually respect lower income people just the same as a wealthy person.

Also man I LOVED HABBO HOTEL! Especially back in the days like maybe early 2000s it was one of my FAVORITE games! Aside from OSRS, and Maplestory! All were my favorite fucking games ever man. I loved Habbo, I had my own casino and wasn't super rich or anything but I was pretty loaded on HCs and loads of rares, just no super rares or maybe I did end up having a throne or 2 or 3 before I got perma banned ?????? my main accounts name was Inq (3 letter name which was considered rare)

Dang cool I had the name "R" "IP" and "Oi" they were probably my best names. Oh and an account with loads of OG's including Honesty -- a gay dude gave me it though. Anyway I had a casino too, one of the richest at one point when I hacked Cod-peace :D

Good to see other Habbos. I am a famous hacker from there way back XD

Pimping - October 24, 2025, 11:22 pm

Oh shit nice was that in Habbo USA (.com)? If so that's definitely impressive man, and idk why I feel like I remember the user Honesty it sounds really familiar.

Jamika - October 25, 2025, 3:11 am

Same here I grew up poor so I definitely resonate alot more with them

I think money is a reflection of decisions rather than character

You never know what someone is going through. Always be kind. A small gesture can make a huge difference.

sharn - October 26, 2025, 2:03 am

I respect people who stay kind even when life is harsh.
It shows real strength of character.

Jinu - October 26, 2025, 2:06 am

That was really honest to read. I don't judge the poor. Life circumstances can change for anyone at any time.

The Pact - October 26, 2025, 2:25 am

No, I never did. I grew up upper middle class, but during the Great Recession of 2008 I had a horrible time and 2011 was the worst but then someone gave me \$22,000 just because they liked me later that year. But anyway no I've never ever thought like that. That's just a ridiculous way to think.
