Thread: [Whats the Most Useless Skill You Actually Find Fun?](#)

Jinu - October 26, 2025, 12:24 am

We all have that one skill or hobby that isn't exactly "practical" but we enjoy it anyway. Maybe it's juggling, memorizing random facts, whistling, solving Rubik's cubes, or something else completely weird.

What's a skill you enjoy that probably has zero real-world use, but you love doing it anyway?

I've always enjoyed recalling and journaling my dreams. Totally useless, but oddly satisfying ?.
