Global Supply Chain Transformation: How Rajeev Rungta Led a Multi-Continent Oracle C

Rajeev Rungta, a seasoned Supply Chain Architect, led a billion-dollar Oracle Cloud transformation across America, Europe, and Asia—standardizing global processes, improving data consistency, and achieving go-live during the pandemic. His leadership set new benchmarks for resilience, efficiency, and digital innovation in manufacturing supply chains.

Hello

Ieste - October 29, 2025, 11:52 am

Standardizing global processes is the hardest part.

Chorozon - October 30, 2025, 6:09 am

Rajeev Rungta's is increasingly impressive
