Still plenty of talent, you just have to go to live shows or search the internet. Remix your own etc.
Start a tape / cd / record collection, learn how to sample. It's so fun! ?

Dylan is the greatest singer/songwriter/lyricist of all time, no doubt. His old stuff is the best, I have to admit, his singing the last 15 years or so doesn't do it for me. His live band is always fantastic though!

Yes, he is a legend and can not be reproduced.
