Nice one, I made the mistake of doing lounge on its own outside of October, I should've done both at once.

Nice job on Stanley too :)

Very efficient

Apart from the flips, you must end up in wins.

Don't use too much bytes. Just start with lower amount. If you win, just stop it right there.

Minimal usage !! Just 10 per flip , not more .. Aiming to get it with minimal resources ..

Right now still at 90% so just 50 more posts to go and I'm done. I know I can do the rest in just a day but I've just been crazy busy the last few days otherwise I know I'd have finished it by now.
