To be fair, I am not sure what do you exactly mean with IAM settings. IAM settings can every buyer set up himself, based if he is going to use any third party application to send e-mails or not. My accounts are applied and approved out of sandbox and increased daily sending quotas. About resale, yes - you can do it if you feel so.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
