Thread: [\[H\] \\$150 PayPal \[W\] Crypto](#)

Paladin - November 4, 2025, 6:26 pm

Hey everyone,

I have a payment coming in from a travel agency client who pays me monthly for social media management work. The payment will be sent to your PayPal (Friends & Family), and I'm looking to exchange it for crypto [Preferably looking for a close to 1:1 rate]

If you can take PayPal F&F and send crypto (USDT, BTC, or ETH preferred), please DM me your rates or offer.

Thanks

That's a lot of Fee. I prefer 1:1 ratio.

I need someone that pay me for things online because I have crypto but no euros. If you can make account on allegro.pl and buy the things I need with paypal (write my address at checkout) I will send you crypto 1:1
