Thread: [Chime Referral \\$125 Promo! For New Customers. Great features!](#)

This is unfortunately only available to first time consumers.

Chime used to run a promo for \$125 when you sign up, and do a qualifying deposit.

A note, you must be a first time customer with no prior chime account, honestly it has a lot of cool features too like:

- Locking Your Card
- Credit Builder
- Savings
- You can destroy the virtual card instantly if you ever need a replacement
- Early access to payroll
- SpotMe which is essentially an overdraft feature.

If you're looking for beer money, this offers perfect for you.

Thank you for your consideration.

Code Register for a new Chime® account. Once you have registered, return to this screen to confirm that this task is checked off before proceeding with the other tasks.
