Thread: [\[Succubus Official\] E-whoring group - OFM chatting \[Succubus Official\]](#)

SecretAchiever101 - November 5, 2025, 5:50 am

Do you remember [this](#) thread? It ended up being the biggest ewhoring helpdesk in HF.
After the creation of [SourceCode101](#) 's agency and mine, OFM agency, I've trained multiple chatters.

The best one out of chatters that we had, is Basil (@tragou) . He ended up being even better than us if I'm being honest.

He decided to take the route that we did. Meaning, provide people with free information so he can showcase for his skillset , through free services and free LIVE training sessions.

Pay him a visit, once again, everything is free, you don't need to pay for anything.

Here's the link for the telegram group

Don't fall for this. Most likely outdated mediocre advice targeted towards people who will most likely quit regardless.

There is nothing to "fall" for. It's just a group with free information in it.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
